# 1. Apple (IOS) Setup

## 1.1. IOS INSTRUCTIONS

- On your Apple device , open Safari and go to [www.symlive.net](http://www.symlive.net)
- Then select the reading list icon from the bar at the bottom
- On the reading list screen choose "Add to Home Screen"
- On the Add to Home Screen select "Add"
- SymLive will now appear as an "App" on your home screen
- Open the app to run SymLive in full screen mode

## 2. Android Setup

### 2.1. INSTRUCTIONS

- On your Android phone or Android tablet open the internet browser & go to [www.symlive.net](http://www.symlive.net)
- Then select the hamburger menu icon at the bottom of the screen
- From the options available choose "Add Page To"
- Then choose "Apps Screen"
- You will then be asked "if you want to install this website as a web app on your App screen?" choose "Install"
- SymLive will now appear as an "App" on your home screen
- Open the app to run SymLive in full screen mode

## 3. Google Chrome Setup

### 3.1. INSTRUCTIONS

- Open your Google Chrome browser & go to [www.symlive.net](http://www.symlive.net)
- Select the ellipsis menu icon at the top of the screen
- From the options available choose "Install SymLive"
- Then at the next prompt choose "Install"
- SymLive will now appear as an "App" on your desktop
- Open the app to run SymLive in full screen mode
